

Introducing the public engagement for Walsh Mushrooms

Introduction

Through the accompanying leaflet Framptons, on behalf of Walsh Mushrooms, would like to introduce their emerging scheme for a new Mushroom Farm off the A44 near Pinvin to the local community and invite comments on the proposals.

Walsh Mushrooms are a long-standing local business committed to investing in their business and the local area by sensitively integrating the needed development to the local area. The leaflet drop has been used as an engagement tool in this instance given the present inability to hold an exhibition event explaining the emerging proposals as a physical event due to Covid-19 gathering restrictions.
