

Dear Henrietta

The Saffron Walden/Seward's End Rosconn application, UTT/21/2509/OP, was discussed in our Planning and Transport Committee meeting last night in light of the recently submitted additional documentation.

Committee raised queries as to whether Climate Change Officers at UDC would be making a consultee response and asked that this would be carried out please. (Minute reference P&T 040-22).

I would be grateful if you could please acknowledge receipt, many thanks.

Kind Regards

Georgia Arnold

Committee Clerk & Office Administrator
