Dear Sirs we are supporting Swards End PC with regard to the above planning application.

We have concerns regarding air quality, Flooding concerns, pressure on doctor/ dentist places, loss of good agriculture land, shortage of school places and highway issues. The run off from the fields is considerable during bad weather and the hill becomes treacherous. Access to the town is already a bottleneck and with other applications in the pipeline would make this route even more congested.

Please take these comments into consideration.

Kind Regards
Geoff and Yvonne Woollerson
8a Cole End Lane.
