Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I'm all for development when the infrastructure can support it. Crocus Medical Service has moved to Radwinter Road and is overwhelmed. When I call the surgery there are 28 people on the call queue and I'm unable to request a f2f with a doctor... with an additional 233 new dwelling it will cause increased delays to an already overwhelmed surgery... there's also the issue of shops there are not enough as it stands in Saffron Walden to support such an application surely.
